Telesphere Hires Scott Forbush as General Manager in Salt Lake City Office to Continue Ongoing Growth

Salt Lake City, UT (May 4, 2010) – Telesphere, (www.telesphere.com) a Phoenix-based [hosted PBX](#) and Internet services provider, announced today the new hire of [Scott Forbush](#) in the General Manager role based out of the Salt Lake City office.

“We are pleased to have found Scott for this role as he picks up where his predecessor left off,” said [Jeff Savage](#), Vice President of Business Development at Telesphere. “We were looking for a candidate who had the experience and the strategic drive to lead the Salt Lake City office to its fullest potential and we believe Scott is a perfect fit.”

Mr. Forbush has more than 14 years of experience selling professional services within the telecommunications industry. Previous experience includes business development activities for a direct sales team that focused on mid to large scale businesses at Integra Telecom. As General Manager, Mr. Forbush will be a significant driving force in building a strong foundation for the future goals of Telesphere.

“I’m excited to be part of the Telesphere team and look forward to not only providing additional employment in the state of Utah by adding to our sales team, but to also provide a service that will help companies and organizations succeed during these hard-hitting times” said Scott Forbush, General Manager for Telesphere-Salt Lake City.

About Telesphere

Telesphere is a nationwide business phone and Internet services provider that delivers an innovative package of hosted VoIP telephone services and Internet access to businesses throughout the United States. As one of the first companies to offer hosted enterprise level communications as a service (CaaS), Telesphere allows businesses to enjoy all the latest voice and data features of large enterprises without costly investment in on-premises equipment. Telesphere’s more than six years of CaaS experience to businesses throughout the United States places it at the forefront of companies that specialize in the convergence of office PBX phone service, cellular phones, PCs and Unified Communications features. Telesphere fully manages its customers’ services over a private IP facilities-based network.
