## TELESPHERE LAUNCHES EAST COAST NETWORK HUB TO BRING CLOUD COMMUNICATIONS TO NEW YORK AND SURROUNDING AREAS

*Cloud Communications Provider Telesphere brings Hosted VoIP, Hosted PBX, and Apps to the East Coast*

**Phoenix, AZ (Sept. 21, 2010)** – Telesphere, ([www.Telesphere.com](http://www.Telesphere.com)), a nationwide hosted PBX, VoIP and Cloud Communications business phone and Internet service provider, announced today that it has secured an additional Point of Presence (POP) in the New York and New Jersey areas in an effort to bring greater capacity and next generation Cloud Communication services to the East Coast.

“We are excited to bring high quality and convergent Telesphere services of fully hosted Cloud Communications to the New York/New Jersey area. This changes the way businesses communicate and allows PBX voice and data services to integrate with customer cell phones and PCs,” said Sanjay Srinivasan, CTO for Telesphere. “We continue to experience increased demand for our services in the Northeast, and this new POP will allow us to offer even more competitive pricing and greater services to our customers there.”

“Telesphere has been serving customers nationwide for many years and we have very large customers already in the NY/NJ area,” said Clark Peterson, CEO for Telesphere. “Adding this POP will greatly increase our ability to offer very competitive pricing and next generation communication services to our Indirect Channel and VAR partners in the Northeast.”
